

SUSTAINABLE DEVELOPMENT POLICY

'WE HAVE CHOSEN QUALITY, CLEANLINESS AND SAFETY'

PCC Consumer Products KOSMET Sp. z o.o. is a manufacturer of liquid cleaning products for the home, professional cleaning products for the food industry and cleaning companies, and body-care products.

Our integrated quality and environment system, which is compliant with international standard ISO 9001, ISO 14001, ISO 50001, OHSAS 18001, BRC CP and IFS HPC, ensures that our products meet the criteria required by our customers.

The quality of our operations and products is systematically improved by monitoring and improvement of key processes in the company.

In implementing the sustainable development policy, our objective is:

- *To strengthen the company's image as a reliable employer.*
- *To deliver products with a reliable quality that meet the requirements of law and safety.*
- *To participation in the global, multilateral RSPO initiative - ensuring and promoting the sustainable production and use of palm oil and its derivatives.*
- *To manufacture and launch products that meet the environmental criteria contained in the decisions of the European Commission of 28 April 2011 (2011/263/EU) and of 28 June 2011 (2011/383/EU).*
- *To help the local community by raising environmental awareness.*
- *To optimise key processes in order to reduce water and energy consumption, and limit waste emissions.*

We achieve these goals by:

- *Introducing ingredients that are environmentally friendly and safe for humans.*
- *Implementation and certification of the RSPO standard - management of raw materials and products containing palm oil derivatives.*
- *Making it easier for consumers to obtain comprehensive information on the safety and proper use of our products by using clear labels and markings.*
- *Improving the qualifications and awareness of the proper use of our products through training, a website and advertising folders.*
- *Developing infrastructure and the work environment, and using modern tools.*
- *Participating in programmes and associations Responsibility and Care, AISE and Ecolabel.*

In our activities, we are committed to minimising the negative impact on the environment, preventing pollution, and being in line with the relevant legislation, legal provisions and other requirements relating to the environment.

As the President of PCC Consumer Products KOSMET, I declare that the management and all employees know and apply this policy on quality, the environment, and product safety and legality, and its currency is confirmed periodically at Management Reviews.

Brzeg Dolny; 05 September 2018
